URO VENEER WORLD

Uro Veneer World headed by Mr. Manish Gala was the first venture by the group. Its ambition was to give Karnataka taste of world class luxury. The global markets possessed some exquisite timber, which we have sourced it to our store. Thus we hold a collection on some of the finest products available from around the world. We have over 300 species & 800 variants of veneer on display. We assure products that are best and most unique in the country.

This division displays a myriad of options containing trendy Laminate designs, Decorative Panel Designs, Plywood and Designer MDF Sheets. We bring to our architects and customers a vivid range of products by appealing to their luxurious taste in design. Lamination on plywood adds to its beauty by ensuring an everlasting impression. The product is highly versatile as it allows diverse possibilities in usage, thereby giving shape to your creativity. They are easy to maintain and hence suit the Indian lifestyle and its durability is unquestionable. They are available in variety of colour, textures and finishes. This makes it a very dynamic material to achieve extraordinary finishing of interiors to reflect the desired decor at heart.

Corriano is the next big thing in the interior decor solution. Ahead of its time & a future to reckon with in the business of something we are used to knowing i.e. Laminates. It is easiest to install yet the most stunning to look at. The seamless bends curve the edges without cutting any corners. Corriano gives you the opportunity to help you discover the magic of zero maintenance and complete water, termite resistant, pre-finished high-gloss embossed wall panels.

The division also deals in MDF Sheets which are divided into decorative MDF which is composed of fine quality medium density fiber and are crafted in various patterns. The variety in designs help you create your dream designs with ease. Decorative MDF come in various grill and non-grill patterns, hence are very versatile in its utility.

Fores Colour are Premium Organic dyes to ensure longevity of a product for lifetime. It's a colour that is both robust and eco-friendly and the application is suitable for offices, public facility and living spaces with high humidity like bathroom and kitchen areas.

Emporia is a wonderful collection of embossed MDF panel with veneer & finishing foils at disposal. It shows various patterns on its surface & has the perfect 7 kinds of surface finishing options to choose from. It is made of eco-friendly materials and has a very high scratch resistance quality after pressing finish foil laminated MDF panels with pressure and temperature. We hereby introduce designs worth exploring in the collective range for customers to experience their needs for interior designing.

The division also deals in Canfor Sheets which are primarily used for wall paneling. These sheets are composed from high density fiber and are available in various natural designs such as brick & stone patterns.

Pre-finished Interior Wall Panels give ample depth and class to mundane walls. They are environmentally beautiful and durable unique decor as compared to other current solutions. Embossed designs on stable panel are designed to withstand and compliment natural environment with an un-compromised surface integrity. With metallic paint finish on the surface, It is simply like a piece of art. Decoris recreates the aesthetics of wall interior like never before.

Decolite is the ingenious innovation and charm represented in the form of glamorous panel collections. It has shaped the horizon of modern architecture & design by forming the backdrop of everyday lifestyle. It possesses much needed features like being water, termite & weather resistant with zero maintenance. Theme enhancers are free from deformation, wrapping or decay even in humid conditions, thereby maintaining its first appearance for a very long time.

Stylite is a new, luxurious wall covering collection of high-end faux leather tiles. The collection has been specifically created & developed to produce artistic elements for commercial and residential surfaces. The Physical flexibility of the product makes it easily adaptable to a variety of interior themes. These are high performance products that provide numerous colour choices, textures and size combinations to create infinite styles for any taste.

Matrix Wall is work of art, excellence & alluring exuberance to your interiors. The unique designs with depth perception create a mesmerizing impression instantly. Panels in different shapes, Colours, patterns and textures make you spoilt for choice. Experience the extravagance of variant designs in different sizes with thickness range of 32mm - 55mm. Panels offer 100% water resistance and excellent noise absorption. Direct application on wall helps you save time.

In Uro Veneer World, we cater to all furniture needs and decorative designing material for furniture and walls. Thus, we bring to our architects and customers a variety of unique opportunities to use the products in portraying their luxurious side.

It's simple, you make a selection today and the product is delivered next morning.
